ANDA 76-796

Food and Drug Administration
Rockville MD 20857

MAR 26 2004

Vintage Pharmaceuticals, LLC
Attention: Christopher J. Nascone
150 Vintage Drive
Huntsville, AL 35811

Dear Sir:

This is in reference to your abbreviated new drug application (ANDA) dated July 03, 2003, submitted pursuant to Section 505(j) of the Federal Food, Drug, and Cosmetic Act (the Act), for Furosemide Tablets USP, 20 mg, 40 mg, and 80 mg.

Reference is also made to your amendments dated October 1, and October 24, 2003; and January 8, February 25, and March 19, 2004.

We have completed the review of this abbreviated application and have concluded that the drug is safe and effective for use as recommended in the submitted labeling. Accordingly, the application is approved. The Division of Bioequivalence has determined your Furosemide Tablets USP, 20 mg, 40 mg, and 80 mg, to be bioequivalent and therapeutically equivalent to the listed drug (Lasix[®] Tablets, 20 mg, 40 mg, and 80 mg, respectively, of Aventis Pharmaceuticals, Inc.). Your dissolution testing should be incorporated into the stability and quality control program using the same method proposed in your application.

Under Section 506A of the Act, certain changes in the conditions described in this abbreviated application require an approved supplemental application before the change may be made.

Post-marketing reporting requirements for this abbreviated application are set forth in 21 CFR 314.80-81 and 314.98. The Office of Generic Drugs should be advised of any change in the marketing status of this drug.

We request that you submit, in duplicate, any proposed advertising or promotional copy which you intend to use in your initial advertising or promotional campaigns. Please submit all proposed materials in draft or mock-up form, not final print. Submit both copies together with a copy of the final printed labeling to the Division of Drug Marketing, Advertising, and Communications (HFD-40). Please do not use Form FDA 2253 (Transmittal of Advertisements and Promotional Labeling for Drugs for Human Use) for this initial submission.

We call your attention to 21 CFR 314.81(b)(3) which requires that materials for any subsequent advertising or promotional campaign be submitted to our Division of Drug Marketing, Advertising, and Communications (HFD-40) with a completed Form FDA 2253 at the time of their initial use.

Sincerely yours,

A handwritten signature in dark ink, appearing to read "Gary Buehler", with a stylized, cursive script.
